

Microsoft Partner

Clearis has partnered with Microsoft to provide CRM Solutions to SMBEs.

"Clearis Corporation provides organizations with Customer Relationship Management (CRM) strategy, planning and implementation services. Clearis focuses primarily in Government, Health Care and other Life Science industries. Our experience in Sales, Marketing and Service applications can assist organizations in streamlining and improving call center operations. In addition to the Software selection, implementation and customization, we provide integration to related telecommunication services such as IVR, CTI and Call Monitoring and Recording."
